CYNTHIA RIGGS, MBA - THE BIZ DIVA
"EXPONENTIAL BUSINESS GROWTH FOR 2019"

The 10 Steps to Building and Manifesting Business Success

Building a business is partially taking pragmatic steps, partly using ingenuity and creativity. You likely started your business because you had the passion to bring your idea/product/service into the world. Most of us do not come from a business background nor have a clear understanding of what it takes to move our business to the next level of desired success. Even if

we've been around the block a few times, we might not know the best questions to ask ourselves, the most productive steps to take. Using the 10 Steps blueprint, which blends

interpersonal skills/behaviors with practice applications, will enable you to move forward faster and with more ease.

We hope to see you on Tuesday night! Bring a friend!!
