Guest Speaker, Kathleen Zemansky **Business Feng Shui Master, Astrologer, Author**

2020 will go down in the books as one of the most tumultuous years in history. Working remotely is our new "norm", and now more than ever the Feng Shui of your space is crucial.

Understanding how to organize your environment and what astrological opportunities (and pitfalls) you will encounter in 2021 (year of the Metal Ox), will be extremely valuable. In this informative talk, Kathleen will give a brief overview of the 12 Animals of the Chinese Zodiac, as well as share a peek into her annual Feng Shui compass dial as we enter this new year.

To make the most of the time we have with Kathleen, please download your astrology chart at www.FreeBusinessAstrology.com Save your chart to your photos / desktop /or print out and have standing by. It would also be wise to have your floor plan handy (if available).

NEWofMarin Sponsored Events

Even though we have many restrictions currently, we still enjoy one another and network! In addition to the monthly networking dinners, members also get together (in normal times) to share a glass of wine, watch films, laugh together at comedy shows, take classes, have clothing swaps, etc.

Please RSVP to Michelle Dennis for all NEWofMarin sponsored events at (510) 220-3892 or micheledennis362@gmail.com
